<b>P&amp;G CONTROLS LTD. UK</b>	
SPECIFICATION TYPE	JC8000-GEN-XXXX
BATCH NO.:	XXXXXXX
ISSUE STATUS	X
REFERENCE	XXXXXMMYYYY

---

**IMPORTANT INFORMATION**

In the event of the boot rupturing or being removed, it is recommended that immediate replacement of the boot is carried out to minimize the effects of particle and water ingress from the surrounding environment.

Whilst Curtiss-Wright Industrial Division - Penny & Giles has designed this joystick to meet a range of applications it is the responsibility of the customer to ensure it meets their specific requirement.

Penny & Giles Controls Ltd makes no warranty or representation in respect of product fitness or suitability for any particular design application, environment, or otherwise, except as may subsequently be agreed in contract for the sale and purchase of products. Customers should therefore satisfy themselves of the actual performance requirements and subsequently the product's suitability for any particular design application and the environment in which the product is to be used.

Continual research and development may require change to products and specification without prior notification.
